It is an energy cultivation practice which combines gentle movements with breathing and meditation to restore health and balance to the body-mind-spirit."</p> <p>** "Reiki is a healing practice that originated in Japan. Reiki is based on the idea that there is a universal (or source) energy that supports the body's innate healing abilities. Practitioners seek to access this energy, allowing it to flow to the body and facilitate healing. Reiki practitioners place their hands lightly on or just above the person receiving treatment, with the goal of facilitating the person's own healing response."</p>
